Power Equipment Announces Promotion of Ryan Murphy as Territory Manager for the Kingsport Branch

KNOXVILLE, TN, February 28, 2020 –Power Equipment Company, a part of the Bramco family of companies, announces the promotion of Ryan Murphy for the Kingsport, Tennessee branch. Ryan will be responsible for developing and maintaining a solid base of customers for construction machine sales and rentals and expanding Power Equipment’s market presence in the Kingsport, TN region.

“Ryan has truly added value to Power Equipment in his previous positions of Customer Support Representative and Shop Technician. He brings a great deal of knowledge to our organization and is an asset to our customers in the Kingsport area ,” states Matt McQueen, Regional Sales Manager for East Tennessee, “I am thrilled Ryan is in this new role and look forward to working with him to grow the East Tennessee region.”

Andy Moon, Vice President of Sales for Power Equipment agrees “Ryan is a hard worker and goes above and beyond for our customers. He brings tremendous value to this position through his experience within our company and his knowledge of our industry.”

Ready for the challenge, Ryan knows how important this region is to a growing Power Equipment, “I look forward to helping to build our market presence in East Tennessee. Through my time at Power, I have been able to work with a number of customers and know how important these relationships are to our organization,” says Ryan, “This is an exciting time for Power Equipment and I am excited to help be a part of this growth.”

Ryan lives in Surgoinsville, TN with his wife, Kaylee and his two children, Collin (6) and Mack (3). When Ryan isn’t out with one of his many Power customers, he and his family enjoy spending time on the lake, camping and riding horses.

Power Equipment Company is a subsidiary of Bramco Inc., headquartered in Louisville, Kentucky. Power, together with its sister company, Brandeis Machinery & Supply, constitutes one of the largest construction and mining equipment distribution networks in the United States. Together they have fourteen branches throughout Kentucky, Indiana, Tennessee, Northern Mississippi and Eastern Arkansas. Bramco’s management understands that the success of our business is built upon maintaining our capabilities and developing a trusting relationship with our customers.
