

Meet a Member of our Certified Rental Team

Meet Todd Huyler. Todd joined the Power Equipment Chattanooga team in 2015. Originally he took on the role of customer support representative. This past June, he decided to switch it up and join the Certified Rental division.

Todd has spent most of his life in the equipment industry. Before joining Power he was with another heavy equipment distributor for 25 years. He is a very dedicated member of the Power team and gives his customers his all. "I was impressed when I first joined Power with the support and dedication of how our Power employees took care of their customers—I still am," said Huyler.

Todd is originally from Fort Myers, Florida. He relocated to Chattanooga in 2003. He has two sons and a one-year-old granddaughter. When Todd is not working, he enjoys fishing, woodworking and volunteering in his community.
