

I AM **POWER** STRONG

Power Equipment Company was recently named the authorized Komatsu distributor in eight counties in southwest Virginia. Power Equipment is pleased to have Machine Sales Representative Chad Sluss join the company. He will continue to service this region working out of the Kingsport location. He has been in southwest Virginia over 15 years selling and supporting the Komatsu brand.

“It is very exciting to have the support and dedication for the customer that Power Equipment delivers. My great customers of Southwest Virginia will be in good hands with this awesome team that Power brings. Building a great customer experience doesn’t happen by accident.... It’s by design,” said Chad.

Chad enjoys anything outdoors especially golf and riding around in his Jeep Wrangler. And he can’t leave out his Bassett Hound, Flash!
